The 1st ORANGE COUNTY CANSTRUCTION EVENT September 6 – 21, 2008

CANstruction® is a design/build competition currently held in cities throughout North America and Canada. Each year design teams compete to build fantastic, giant structures made entirely out of canned foods. The resulting structures become an art exhibit that goes on view to the public at **South Coast Plaza**, Costa Mesa, CA, where the competition is held this year. At the end of the exhibition, all of the food used in building the structures will be donated to the Orange County Food Bank for distribution to emergency food programs. Last year's events were held in 75 cities across the country that resulted in over 2.2 million pounds of food that has been donated to aid in the fight against hunger.

Come check out the structures!

Coming Up in October....

The 16th Annual HomeAid's Project Playhouse

www.projectplayhouse.org

Project Playhouse is the unique fundraising event that benefits HomeAid Orange County, a non-profit organization that builds and renovates shelters for the transitionally homeless in the community. With immense imagination and craftsmanship, Southern California's premier homebuilders have designed, constructed, and decorated small whimsical playhouses that look like they have popped from the pages of a fairytale. Each creation is brimming with technology.

To date, more than 1,500 companies and 25,000 volunteers have helped HomeAid raise nearly \$20 million of in-kind, labor and cash donations to add more than 608 beds to assist Orange County's transitionally homeless. Transitionally homeless are defined as those who are in immediate need of food, clothing and temporary shelter due to such factors as sudden job loss, catastrophic illness, or spousal desertion.

The playhouses will be on display at Fashion Island in Newport Beach
Saturday, September 6th through Saturday, October 11th
11:00am - 4:30pm

SDA/OC Volunteer Day will be Saturday, October 11, 2008
